

The Rock Carvings of Foster Beach - North

This map shows the location of around 200 of the most interesting rock carvings north of Foster Avenue Beach.

On this page the blue digits show the approximate number of sculpture-bearing blocks at each spot. There are typically more carvings in a location than these numbers show since one block can host multiple carvings. On the following pages the blue digits indicate the number of featured carvings at each location.

Most carvings north of Foster Beach are easily viewable from the concrete walkways, and most are on the first level of blocks. Any on the second level are labeled, as are carvings on the vertical face of a rock.

If you choose to view the carvings in person, please watch your step. Or you can view an online gallery of these carvings at interestingideas.com.
