

The Rock Carvings of Foster Beach - South

This map shows the location of around 300 of the most interesting rock carvings from Foster Avenue Beach south to the start of the Montrose Dog Beach.

The photo icons indicate locations within several feet. The blue digits show the approximate number of sculpture-bearing blocks at each spot. There are typically more carvings in a location than these numbers show since one block can host multiple carvings.

Most carvings south of Foster Beach are on the top level of the stepstones. Carvings on the first or second level are mostly labeled, as are carvings on the vertical face of a rock.

If you choose to view the carvings in person, please watch your step. Or you can view an online gallery of these carvings at interestingideas.com.
