

This map shows the location of 12 carvings on six limestone blocks on an out-of-the-way corner of lakefront in Hammond, Indiana, just across the state line from Chicago's Calumet Park.

Photo icons indicate locations within several feet. The blue digits show the number of sculpture-bearing blocks at each spot. Artworks on a single rock are separated by commas in the labels. Works on different rocks are separated with semi-colons.

North is at the top.
